OUR MISSION

OUR PURPOSE IS TO
CONTRIBUTE TO
SUSTAINED VALUE
CREATION FOR OUR
PARTNERS AND THE
PRICING AND RGM
COMMUNITY.

Our mission is **to provide professional guidance and advocating on behalf of the global pricing and revenue growth management community** to create a triple win : for your company, trade partners and end-users.

We do this by offering the most relevant network, sharing best practices and top-of-the-art capability development through :

- EPP Academy
- EPP Events
- EPP Prime
- EPP Pulse

OUR LEARNING PRINCIPLES

In order to realize our learning objectives, our workshop principles require :

- Interactive discussions (no ex-cathedra) giving space to participants to share own best pricing practices
- Maximum knowledge-sharing between trainers and participants
- Intensive use of 'real world' business cases/examples and best practices
- A blend of intensive knowledge transfer, interactive discussions, cases and group work
- Participants are given sufficient time for reflection/feedback on own company challenges

OUR APPROACH

EPP IN-COMPANY TRAINING

At EPP, we offer fully customizable training programs **designed to address your organization's unique pricing and revenue growth management needs**. Our mission is to help you build high-performing teams through targeted, impactful sessions, ensuring your team is fully equipped to drive profitability.

TAILORED FOR YOUR TEAM'S SUCCESS

Personalized for Your Goals

Every session is designed to address your company's unique challenges and future objectives. We document intake discussions to ensure a customized journey aligned with your growth strategy.

Hands-On, Practical Learning

Sessions focus on real-world scenarios with interactive exercises. Participants can further solidify their learning by presenting a Project Charter within six months after completing the course.

Empowering Teams

Our programs foster a strong pricing and RGM culture, enabling your team to confidently tackle challenges, adapt to changes, and drive revenue growth.

Flexible Formats

Choose from face-to-face workshops, blended learning, or fully virtual sessions, all designed to meet your team's schedule and development needs.

100% Face-to-Face

Onsite, instructor-led sessions at your location for hands-on, interactive learning.

Blended Learning

Combine self-paced online materials with live virtual or in-person sessions for flexibility.

Digital Blended

Fully online with live sessions to fit your team's schedule.

100% Virtual-Live

Join live, interactive sessions, making learning accessible from anywhere.

OUR APPROACH

At EPP, we follow a structured and collaborative process to ensure your In-Company Training program meets your organization's unique needs. From understanding your challenges to delivering tailored solutions and ongoing support, our approach is designed to create measurable and lasting impact.

NEXT STEPS

Project Charter:

After completing the course, participants may choose to present a project within six months of finalizing the course themes.

Customized Journey:

We document all intake conversations and needs assessments to ensure your organization's journey is aligned with its future growth.
